IMPATTO DEL POSTER SULL'MCS-TILT VERSO I PARTECIPANTI
ALLA CONFERENZA IUHPE 9-13 settembre 2008 (Torino)

Invio delle due tavole allegate al *poster* ma non incluse nel CD degli Atti, su richiesta della Dr Hana Vrbanová (Slovakia) e della Dr Naheel Abu-Khalaf (Palestina), le quali hanno letto attentamente il testo del poster esposto e fotografato le due tavole, discutendo poi il contenuto scientifico con l'autore G.U.

Entrambe le ricercatrici hanno affermato che nei loro paesi d'origine la sindrome dell'MCS è poco conosciuta dalla classe medica.
